TWIN PRECIOSA

8/0 SEED BEADS (r8)

11/0 DELICAS (d11)

15/0 SEED BEADS (r15)

1 ROUND BEAD 8 MM

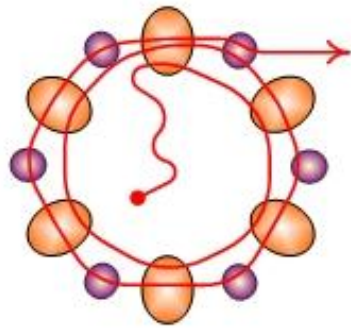

2 FIREPOLISHED 4 MM

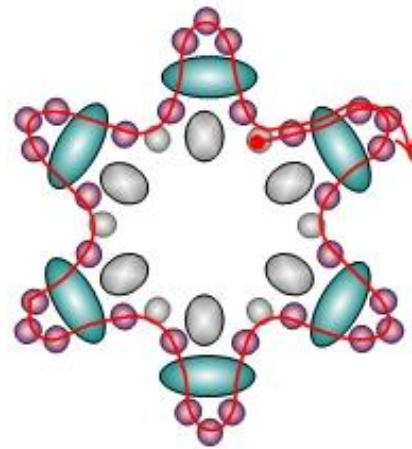

48 FIREPOLISHED 3MM

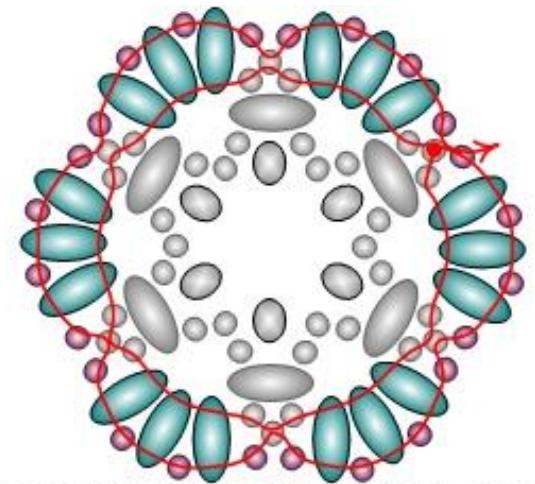

6 ROUNDS BEADS 3 MM

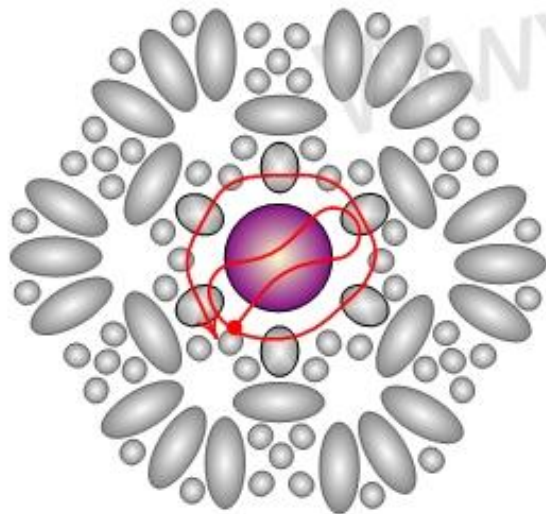

Step 1 : Pick up 6 r8/0 and pass several times. Then insert 1d11 between r8.

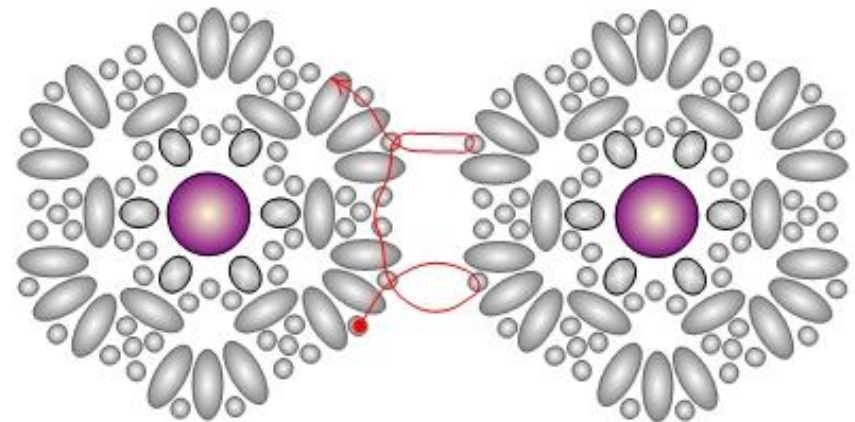

Step 2 : From 1d11, pick up 1d11/1 twin/3f11/pass again through the twin/1d11 then go through the next d11 of step 1

Step 3 and 4 : From the 3rd d11 of step 2, pick up 3 twins then go through 3d11 of step 2. Do it all around then, from the 2nd d11, pick up 1d11, pass through the twin's upper hole, insert 1d11, go through the 2nd twin, insert 1d11, go through next twin. Then insert 1d 11 and pass through the 2nd d11 of previous step. Do this all around.

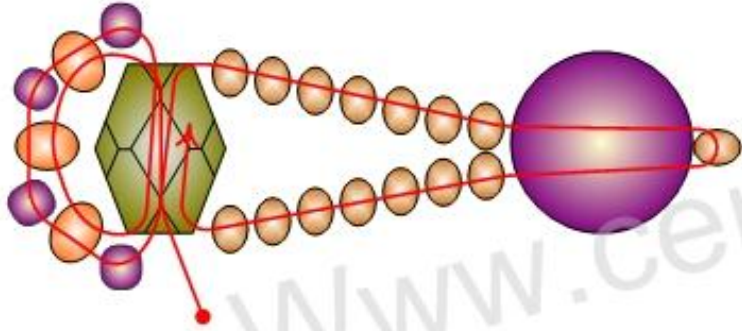

Step 5 : Using the starting thread, insert 1R3 in the middle, by passing through the r8, do it several times to block the round bead

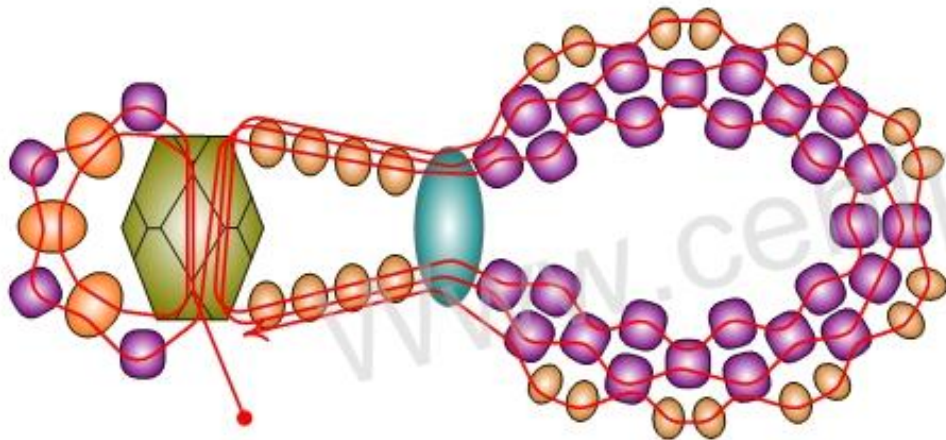

Step 6 : Do 6 elements. Using the remaining thread on each element, assemble them by passing through the d11 on the sides

Clip 1 : Pick up 1 F4 and 3r 8, and pass through them several times. Then pick up 1d11 between each r8. Go through the F4, then pick up 7 r15, 1R8, 1 r15 and go through the round bead. Then, pick up 7 r15, and pass through the other hole of the F4. Pass again to strengthen.

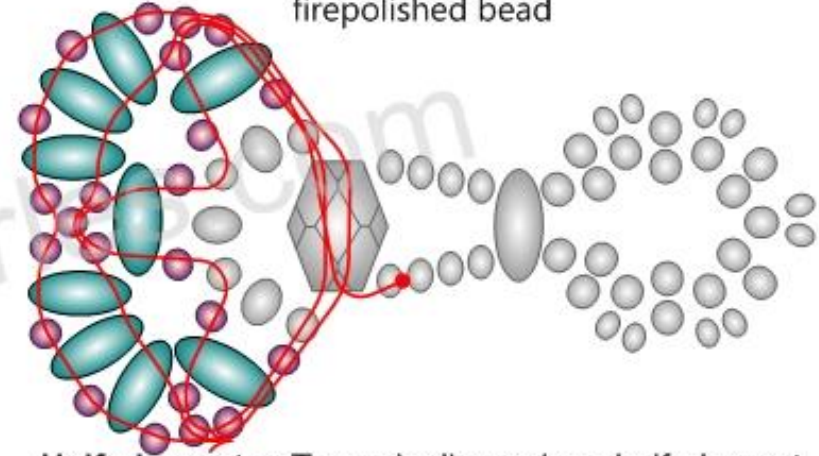

Clip 2 : Pick up 1 F4 and 3r 8, and pass through them several times. Then pick up 1d11 between each r8. Go through the F4, then pick up 4 r15, one TWIN, 19 d11, go through the twin, add 4r15 and go through the F4. Go again through the 4r15, the twin, and the 1st d11. Then put 1d11 half the time (circular peyote). Go through the last d11, the twin, the 4r15, the F4, the 4r15, the twin, the 1st and the 2nd d11 then insert 2r15 between each d11. Go through the F4 and the 1st d11 on the other side to begin the half-element.

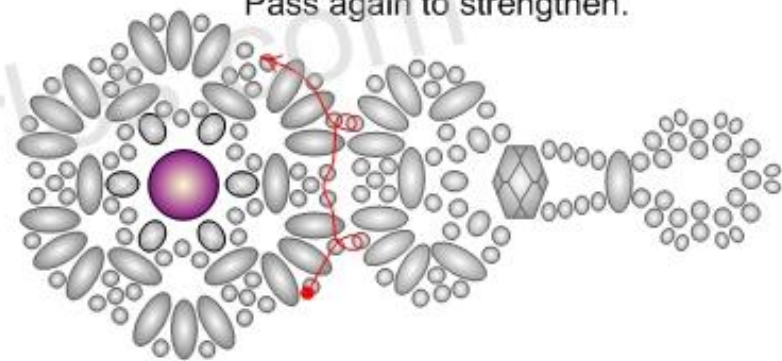

Edges of the bracelet and fasteners :

The achievement of fasteners is like assembling a half-element, three of 6R8 are replaced by a 4mm firepolished bead

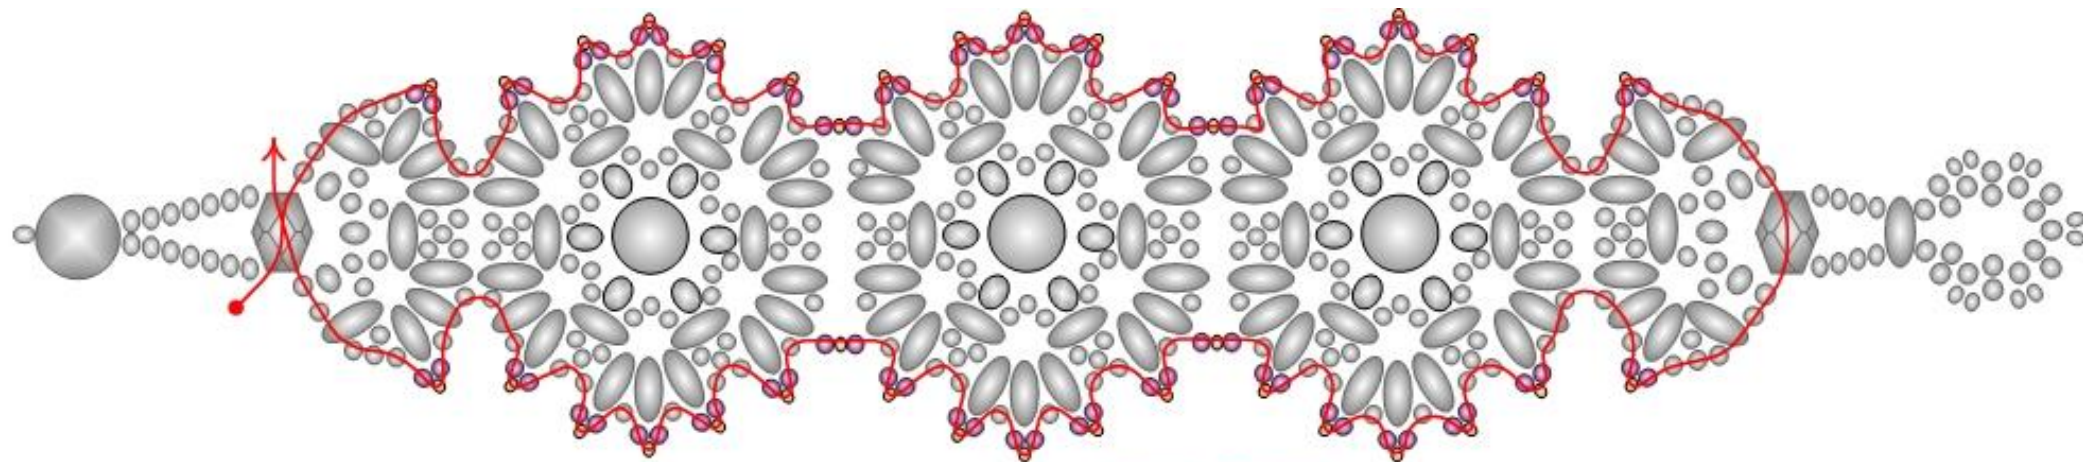

Half-elements : To each clip, make a half-element. Start from the 1st d11, pick up 1d11/twin/3d11, and pass through the twin, add 1d11 and go through the next d11 (do it 3 times).

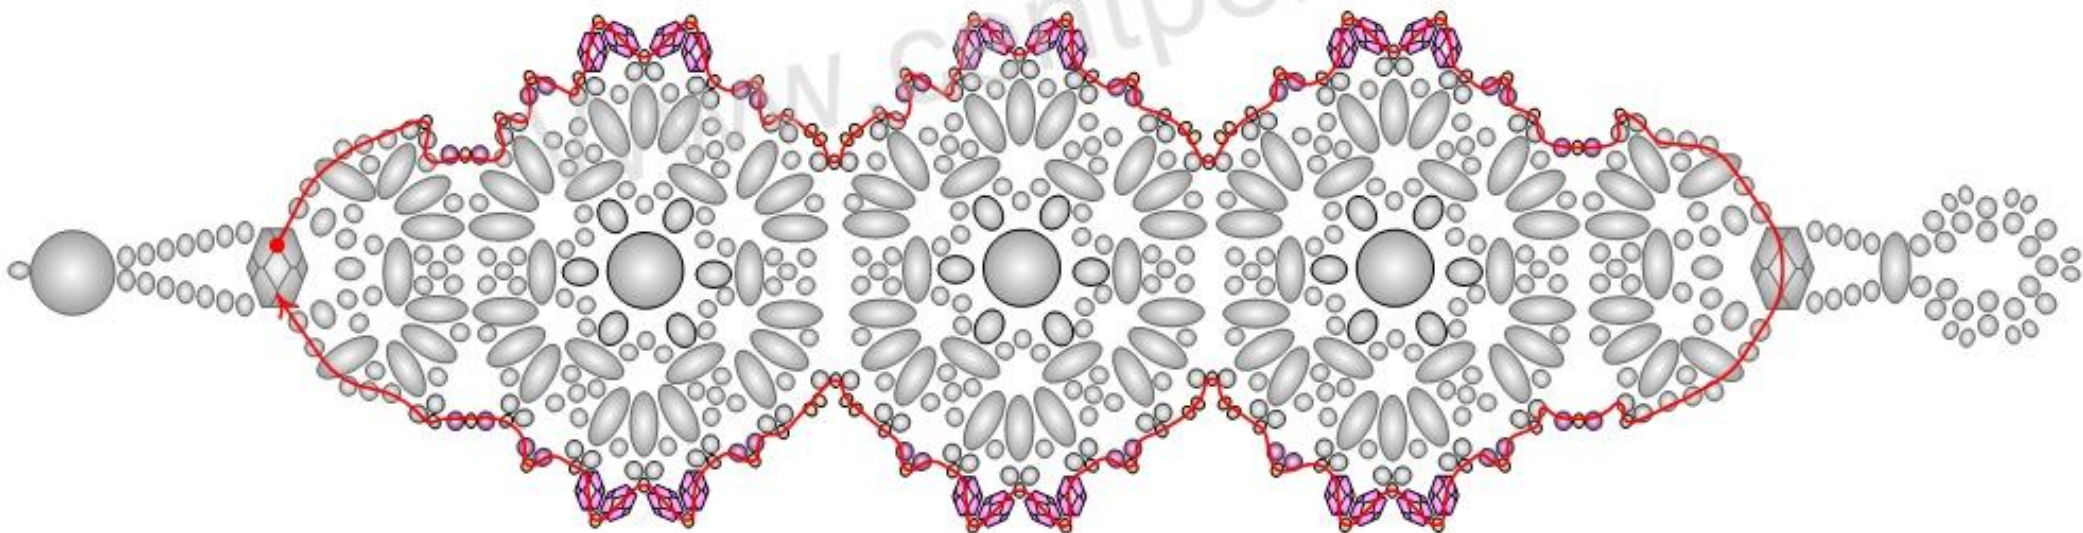

Pass again through the F4, next d11, the twin and the 3d11. Pick up 3 twins between each « trio » of d11. Go again through the 3 d11, the twin, the 2d11 and the F4. Go through the 2d11, the twin and the 2d11, add 1d11 and 1d11 between each twin and d11. Pass again to strengthen.

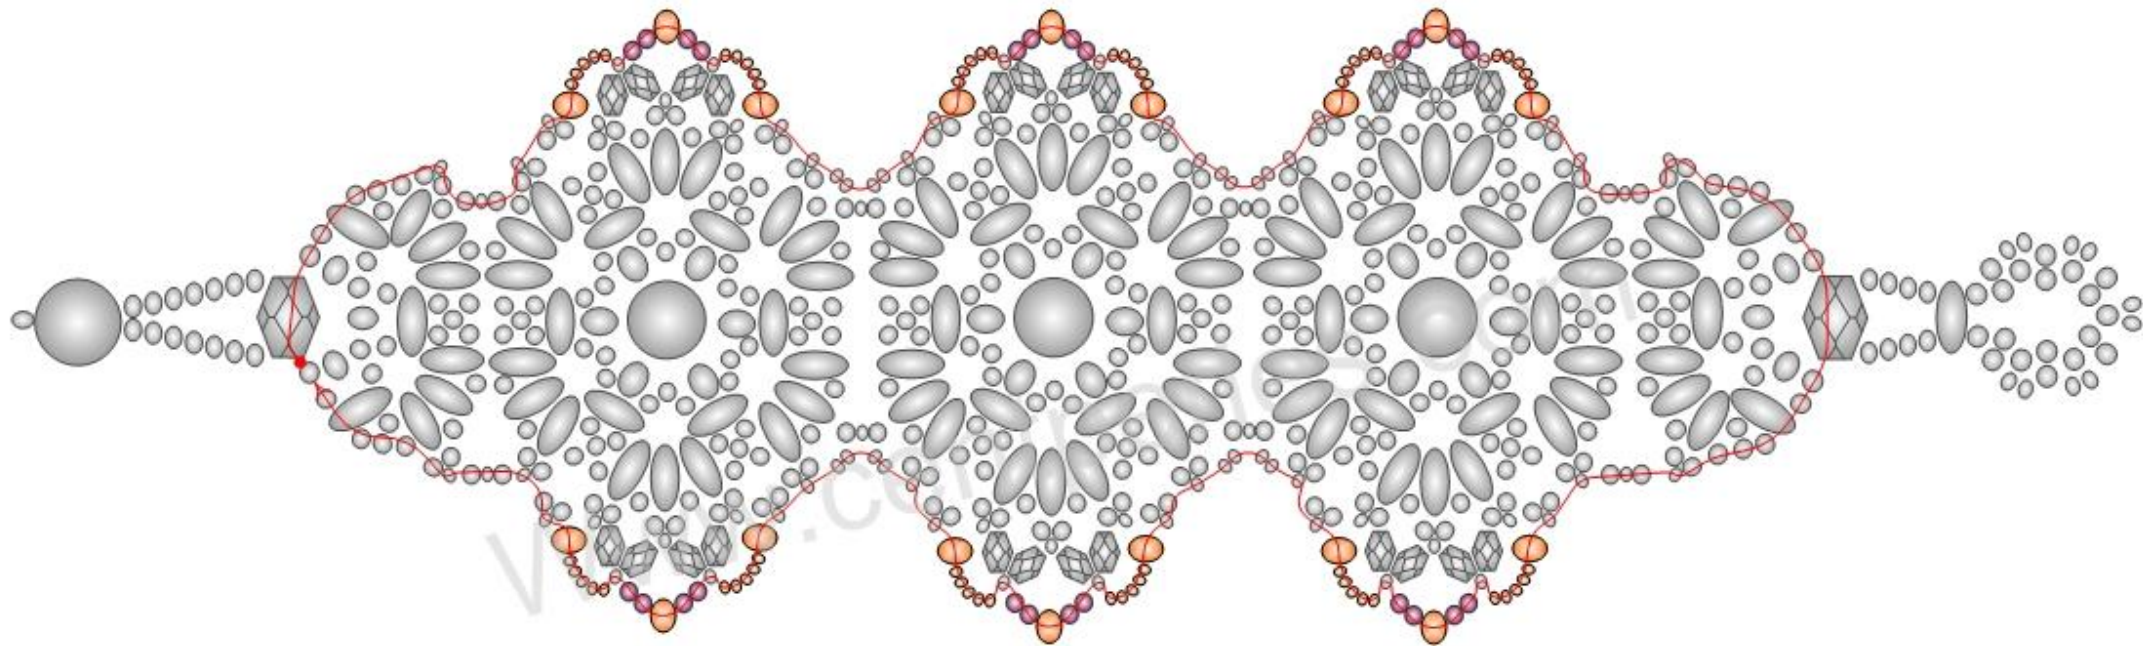

Edges : Assemble the half-elements at each side of the bracelet, as in step 6

Embroidery 1: From the F4, go through 2d11/twin/3d11, pick up 1d11/1r15/1d11, then go through 1d11/twin/2d11/twin/1d11, *pick up 1d11/1r15/1d11 then go through 2d11, add 1d11/1r15/1d11, go through the d11, pick up 1d11/1r15/1d11, go through the d11, pick up 1d11/1r15/1d11, go through the 2d11, add 1d11/1r15/1d11, go through the d11, pick up 1d11/1r15/1d11, go through the d11 of second element. Do * again on the next elements, then pass through the F4 to do the same on the other side of the bracelet.

Embroidery 2: From the F4, go through 2d11/twin/4d11/r15/2d11, pick up 1d11/1r15/1d11, go through 2d11/r15/, add 1d11/1r15/1d11, pass through d11/r15, add F3/r15/F3, go through 1 r15, pick up F3/r15/F3, go through the r15, pick up 1d11/1r15/1d11, go through d11/r15, add 2r15, pass through the r15 of previous step, add 2r15. Do * on each element. Go through the F4 and do the same on the other side. Warning : the bracelet tightens at this step.

Embroidery 3: From the F4, go through the 2d11/twin/4d11/r15/2d11/r15/2d11/*r15/r15, pick up 1r8/5r15, go through the r15 (between the 2 F3), pick up 2d11/r8/2d11, go through the next r15 (between the 2 F3), pick up 5r15/1r8 go through r15/r15/4r15. Do * on each element. Pass again to strengthen.
