

Before everything, thanks to join us in this Fall adventure ! ;)

To prepare yourself well, no need to take rubber boots, or a waterproof jacket ... LOL ...

But instead, take these pretty colors (*which you can also adapt to your taste*) :

DMC

- Papaye orange 721 = 136 Points
- Crevette 722 = 192 Points
- Jaune bouton d'or 725 = 371 Points
- Rose poivré 778 = 94 Points
- Rose pétunia 892 = 78 Points
- Rose vif 957 = 102 Points
- Vin de framboise 3687 = 195 Points
- Cuir rouge 3777 = 186 Points
- Camomille 3822 = 179 Points
- Chêne 3828 = 50 Points

Total = 1583 Points

You can also prepare yourself a good tea, or chocolate, or hot coffee while you take this break just for yourself...

AND THEN, you can also use a canvas that is not too dark, so that the colors stand out nicely !

The grid is 79 points wide X 77 points high ... Which gives you an idea : don't forget to add some margin, to easily predict your finish !

Yes ?? ARE YOU READY ??

So send now an email to : LNRAOUDIE1@gmail.com

This will validate your participation, and it is to this email address **ONLY** that you will have to send each of the photos of your steps. YOU will set the pace for your stitching! :)

ATTENTION: in order to protect my work, and **leave me the desire to continue to create** for the stitchers, thank you for posting the photo-montages that I will gladly give you, on any social network (*Facebook, Instagram, Snapchat, blog ...*)
